Summary

Detail-oriented MCA student with a strong foundation in web design, web technologies, and software testing. Proficient in HTML, CSS, JavaScript, Bootstrap, and responsive design, with knowledge of manual testing, test case preparation, defect identification, SQL database validation, and basic test automation concepts. Creative, analytical, and passionate about building user-friendly interfaces while ensuring software quality, functionality, and reliability.

Education

L J University Sarkhej,Ahmedabad	Master Of Computer Application(MCA) August 2025-Present
Silver Oak University Gota , Ahmedabad	Bachelor of Computer Application (BCA) April 2025
Silver Bells High school Bapunagar, Ahmebabad	Higher Secondary Certificate (Class 12th) March 2022

Projects

Smart Students Help Platform	June 2026
• Smart Students Help Platform – Developed a responsive student support web application using HTML, CSS, JavaScript, Bootstrap 5, and Local Storage, enabling students to submit academic assistance requests and allowing administrators to manage, track, and update request statuses through an interactive dashboard.	
Event Management Website	December 2025
• Developed a responsive event management website with a functional booking system. Implemented booking status using browser localStorage to store and manage data without a backend. Deployed the project on Vercel	
Kayuu	November 2025
• Built a fully responsive furniture e-commerce website featuring product categories, best-seller highlights, customer testimonials, and newsletter signup to improve user engagement	
A2Z Dental Clinic	October 2024
• Developed a professional, responsive dental clinic website featuring detailed service listings (e.g., general dentistry, cosmetic treatments), a meet-the-team section, patient testimonials, and an appointment/contact form — built with a modern front-end stack and deployed on Vercel.
