SUMMARY

Dedicated MCA graduate passionate about programming and building efficient solutions with strong technical fundamentals. Looking for an entry-level position to contribute and grow in a professional IT environment.

EDUCATION

2025 - 2027 **Master of Computer Application**

L.J University
Ahmedabad, Gujrat

2022 - 2025 **Bachelor of Computer Application**

C.U.Shah University
Surendranagar, Gujrat

2022 **HSC**

Ultra Vision Academy
Surendranagar, Gujrat

TECHNICAL SKILLS

Programming : C, Python, Java

Web Technologies : HTML, CSS, JavaScript, ReactJS, WordPress

Backend Technologies : Python - Flask, PHP, NodeJS

Database : SQL, MongoDB

Data Structures

Object-Oriented Programming (OOP)

PROJECT:

AI-AgriVision: Developed an AI-powered smart farming platform using the MERN Stack and Python for crop disease detection, Cloudinary for image storage, Google Maps API for location-based agricultural services, and MongoDB for secure data management.

Chat Application: Developed a MERN Stack-based chat application with real-time messaging, JWT authentication, Cloudinary API for image uploads, MongoDB for secure data management, and REST APIs for efficient frontend-backend communication.

Student Management System: Developed a web-based student management system using HTML, CSS, JavaScript, PHP, and MySQL for managing student records, including registration, login, attendance, and academic information through a user-friendly interface.
